The Finance Officer's report was given and approved without additional or correction.

Service Officer Report –

George Dodsworth is not in the nursing home

Building Committee Report –

Fish Fries are doing well this year

The Commander has accepted phone cards for Military personnel and these will be given to Joe Ward to be distributed to deploying personnel from the 183rd.

The Post received an inspection from the county Liquor Commission. Only two (2) infractions were noted. One being a bug in one of the liquor bottles which will be corrected by capping the bottles when in storage. The second is no record of alcohol purchase for an entire month. The reason being that there were indeed no purchases that particular month. It was stated that that fact should be noted in the records.

As list of the members that have not renewed their 2009 dues was read to the membership. It was stated that not only is this preventing the Post from reaching 100% of its goal, but more importantly, this amounts to 10% of the total membership that has not renewed.

Thanks to Gary Ori for stepping up and cooking this meetings meal since no others volunteered to do this task.

The \$25.00 50/50 was won by Gary Ori.
